Authorization No. 04/2008
Exemption from the Obligation of Notification

Data Registration and Processing Relating to Registration of Entries and Exits of Visitors

This authorization is promulgated in accordance with Numbers 2 and 3, Article 21, Act 8/2005. The controllers concerned can carry out personal data processing within the scope of this authorization, with exemption from the obligation of notification as stated in No. 1, Article 21 of the above Act.

Article 1
Purposes of the Processing

The authorization of exemption applies to the automated processing of visitors' personal data by property owners, operators and managers, for the registration of entries and exits, excluding the automated registration by video equipment.

Article 2
Categories of Personal Data

The personal data processing stated above is confined to the following categories:

1. Identification data: Name, type of identification and number.
2. Other data: Time/date and place of entry and exit, interviewee's data, purpose of entry, and means of transport used if applicable.

Article 3
Duration for Data Preservation

1. The maximum duration for keeping the data listed above is six months.
2. The duration mentioned above may be extended, as necessitated by judicial proceedings, for six months after the data is handed over to the judiciary or after the final verdict.
